

GREENLEAF PRESS

INFORMATION PAGE

Greenleaf Press is a rapidly growing business, Australian owned and operated and based on the beautiful Sunshine Coast, QLD.

Greenleaf was founded by multi-published, award-winning author, Aleesah Darlison. Aleesah has a Bachelor of Commerce (UNSW) and worked in corporate marketing for over a decade before becoming an author. Due to the success of the business, the company now employs administration staff and Aleesah's husband, Chris, has taken on the role of Agency Director.

The company offers a range of services to authors and illustrators, small businesses, educational institutions and organisations.

For authors and illustrators, Greenleaf provides manuscript assessments, editing services and a mentorship program. We also create start-up author websites and run numerous events teaching writing and business skills, which also provide paid work opportunities for those in the industry. Our annual Sunshine Writers Retreat is the cornerstone of our events calendar and was wildly successful in its first year of operation with outstanding reviews received from all delegates.

Greenleaf also has a speaker's agency representing children's book creatives and performers. We regularly secure paid gigs for our Talent Team at schools, preschools, and libraries across the country and all throughout the year.
